Ndihej shumë fakti që është pranë liçeni dhe parku ndryshe mbipopullimi do na mbyste. Por duke qene lagje relativisht e re mungon një lloj kohezioni brenda lagjes. Aktiviteti kolektiv i vetëm është kafe-pirja. Kam vëzhguar që lulishten e frekuentojnë më së tepërmi moshat e treta. Edhe kur nuk kanë nipër e mbesa për të shoqëruar por se mosha e tretë është më e varfër ose zgjedh për disa arsye të mos shpenzojë kohë në kafe.

Paris Commune where there is a lack of public spaces since it is overpopulated, one square/garden, small sidewalks and few benches. Lucky we are close to the lake. Being a new neighborhood there is no cohesion, the only collective activity is coffee drinking. The green space has more old people, accompanying grandkids, also being poor do not sit at cafes.

At the moment, I can't even tell which art is made by female artists. That doesn't matter but I have no way of knowing whether or not female artists are under-represented.

3	Mendoj qe Bordi duhet te perbehet nga te rinj ose studente te arteve.
4	Por ky duhet te jete nje Bord i pavarur mundesisht te kete edhe ndonje fond special per te alokuar, ne menyre te pavarur nga politikat dhe interesat e drejtuesve te Bashkise.

2	Nuk e di
3	per projekte ne nivel kombetar
4	Perfshirja e artisteve te rinj do perbente avantazh dhe risi per skenen e artit ne Shqiperi
5	Nuk e njoh nga afer strukturen e Ministrise së Kulturës që të mund të shpreh një mendim të mirë. Nga përvoja e kolegëve di që fondet aty janë të pamjaftueshme ose shpenzohen në mënyrë joefikase. Ka nevojë për borde të pavarura që marrin vendime lidhur me artistët. P.sh mua mu duk e dyshimtë përzgjedhja për në Biennalen e Venecias të një artisti i cili qartazi është i lidhur me përfaqësues të pushtetit, siç është qendra Harabel. Nuk dua ta paragjykoj por thjesht më la shije të keqe.

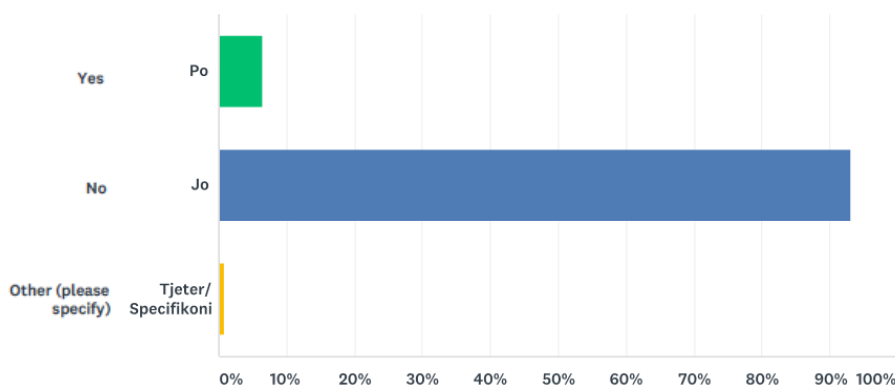

OTHER/ SPECIFY

- 2- What would be the role? 2- I don't know 3- For projects of national level 4- Including young artists would be an advantage and innovative for the art scene in Albania 5- I don't know the administrative structure of the Ministry of Culture to give an opinion. From the experience of my colleagues I know that there are insufficient funds or are spent not efficiently. There need be independent boards to make decisions in relation to the artist. For example, to me it was suspicious the selection of the artist for the Venice Biennale, who is connected with representatives of the government, like is the Harabel center. I do not want to misjudge but it has left me with a bad taste.

Jam më pak e interesuar për aspekte të mbipërfaqësuar të historisë si p.sh Lufta e II Botërore. Do më pëlqente të kishte nëpër lagje Dyqane Muze, psh të riprodhohej një dyqan i kohës së diktaturës komuniste për ti ndihmuar njerëzit të rikujtojnë atë kohë. Apo edhe muze etnografik të kohës moderne. Përveç artit duhet të punohet më shumë edhe në çështje të konservimit. 291	Te asfaltuar,te ndricuar,te paster,me gjelberim,te kete park lodrash per femije,te kete ambjente per pensionistet,te kete biblioteke dhe te kete hapsira publike te lira
292	Hapësira me te gjelberta, me shume stola, kend lojrash dhe mundesi parkimi
293	nuk e enderroj e deshiroj me sa shume hapësira publike te cilat te jene nga 15-30%e sip territorit dhe te jene te cilruara nga tavolinat dhe karriget e lokaleve
294	Te kete piktura dhe foto ne fasadat e pallateve. Te paster
295	Te paster, pa lokale qe kane mbire si kerpudha dhe pa police bashkia te pashpirte kur shikojne femijet tane qe skane as ku te kalojne ne trotuar.
296	Lagjen time e enderroj me me shume hapësira publike, parqe te gjelberuara dhe kende lojrash per femije, pasi kjo zone eshte shume e populluar dhe keto hapësira jane shume te pakta. Do te doja qe te kishte me shume mundesi per aktivitete artistike ne lagje, gje e cila do te ndikojte pozitivisht ne jeten dhe mireqenien e njerezve.
297	Me gjelberim, trotuara (qe nuk ka) dhe vend per te luajtur femijet
298	Me banore te kulturuar , te sjellshem dh embi te gjitha te paster
299	Te kete peme, lule,park lodrash dhe piktura ne mure dhe mozaike.
300	Ne fshat, me nje ferme te vogel, ku komshia me i afert te jete 1 km larg
301	Gjelberim, parqe
302	E imagjinoj te mbushur me mesazhe shprese dhe rezistente kulturore.
303	Me gjelberim dhe vende ku te luajne femijet
304	Me shume gjelberim
305	Te pakten rrugen e shtruar
306	Me hapsira me te gjelberuara, me kende per te gjitha moshat dhe hapsira te sigurta per femijet.
307	Te paster, te kuruar nga pikpamja arkitektonike dhe sa me teper vepra arti (skulptura, piktura murale) autentike, te gjitha keto ne HARMONI me proporcionet fizike dhe intelektuale te njeriut.
308	Te kete me shume hapësira per argetimin e te vegjelve dhe te medhenjeve..pa shume lokale dhe makina te parkuara.
309	Te sistemuar dhe funksionale
310	Si nje lagje europiane.Mbi te gjitha te kete minimalisht nje kend lojrash, stola ku mund te ulesh kur del dhe jo te rrish neper kafe,pasterti, sistemim parkimi jo makina te parkuara ne dritaret e njerezve mbi trotuar
311	Me parqe, te rregullt, te paster.

312	te paster, te kendshme, jeshile
313	Perverc pastertise dhe gjelberimit, te kete gjalleri dhe harmoni ngjyrash, shije dhe kulture
314	Me infrastukture me te mire
315	Nje hapësire , ne te cilen ndihen mire te gjithe grupmoshat
316	Te paster dhe te gjelberuar
317	Me me shume hapësire te perbashketa,me te mire organizuar dhe estetikiisht me te bukur
318	Sa me shume hapësire pa makina.
319	Me me gjelberim.
320	Me hapësira publike të rregulluara më gjelbërim dhe materiale natyrore (sa më pak beton)
321	Me nje lulishte dhe ambient argetimi per femije.
322	Lagjen e enderroj dhe e deshiroj me kende argetuese druri.Me grupime bimesh te gjelberuara ,me foma harmonioze.Me stola druri te cilet te kene forma artistike.Te kete kende sportive, dhe vepra artistike frymezuese per edukimin e femijeve dhe gjithe komunitetit.
323	Te kendshme me gjelberim
324	Hapsirea dhe rruge te sistemuara , paster.
325	Me te pastër dhe me lule ne mure
326	une e enderroj lagjen time si nje lagje qe mund te kryej aktivite qe me qetesojne. mungojne mundesira per art sport dhe aktivite argetuese.
327	Me më shumë hapësira publike; më shumë organizim dhe bashkëpunim; të qendëruar rreth lagjes dhe jo çdo gjë të zhvillohet në qendër të Tiranës. Për këtë nevojiten të krijohet më shumë sheshe publike ku të shërbejnë për shumë funksione p.sh art fair, treg, shesh për koncerte; për muzikë. Mendoj se në lagje specifike të Tiranës ka mundësi të zhvillohen edhe më tepër aktivite të komunitetit por mungon një lloj nxitësi organizator. Do dëshiroja që tek lagjia ime të kishte 1. Librari, mundësisht me një seksion historie arti 2. Qendër kulturore dhe komunitare, disi si modeli i qendrës TEN tek rr. Myslym Shyri. (mundësisht këto qendra të kishin kurse arti apo craft për moshën e tretë të cilët pas daljes në pension mbeten shumë inaktiv dhe bien në depresion). 3. Së treti, mendoj se çdo shkollë fillore/ 9 vjeçare dhe shkollë të mesme duhet të fusë lëndë të reja që kanë të bëjnë me artin/ muzikën dhe teatrin. Kjo nuk është çështje që prek vetëm aspektet artistike por edhe sociale. Artin e aksesojnë kryesisht fëmijët e familjeve të pasura. Pra duke integruar më shumë art në shkollë mund të rriten mundësitë edhe për shumë persona me të ardhura të ulëta.
328	Une e imagjinoj qe te kete robot, edhe makina fluturuese, te kete shume vizatime neper mure, te kete nje muze, te kete hapsira ku te luajne qe mos te kete smok, te kishte sa me shume peme, qe te behet nje vend me i mire dhe te kete me pak makina qe nxjerrin tym.
329	Cdo lagje duhet te kete patjeter kendin e lojrave, sheshpushimeve per te luajtuar dhe ndenjor banoret ku eshte teper e bukur ne orare te specifikuar, te kete shfaqje artistike, kulturore per te rritur dhe kryesisht per femije.
330	Lagje te strukturuar mire nga pikepamja urbanistike, me hapësira te gjelberuara, kende lojrash per femije, te jete e gjelberuar jeta artistike me kinema apo biblioteke ku mund te kalohet ne menyre aktive koha e lire, shtimi i kendeve sportive per te rinj.
331	te projektuar ne menyre te rregullt : shume gjelberim, shume hapësira, shume pasterti, shume ndricim
332	sa me te gjelberuar, sa me shume parqe per femije
333	Dua qe lagjia te kete park te vogel ku femijet mund te luajne, te kete sa me shume gjelberim dhe gjalleri, muret te jene te ndertuara ne ate menyre ku mund te pasqyrohet nje peisazh i mbushur plot me ngjyra.
334	te jete e gjelber, me kende lojrash, te kete hapësire per kembesoret
335	te paster, te qete dhe me me shume lulishte dhe hapsira te gjelberuara
336	te qete, me hapësira te gjelbra dhe me park lojrash
337	nje lagje te qete dhe me nje hapësire publike te gjelberuar
338	Nje lagje me me shume parqe per femijet, me shume hapsira gjelberimi per te moshuarit dhe me shume biblioteka, teatro apo dhe per te pare artin pamor.

339	Ne lagjen time do te doja te kishte nje shatervan modern, gjithashtu nje kend lojresh te madh per femijet ku te jene lojra nga me te ndryshmet, nje fushe basketbolli apo vellejbolli dhe nje hapsire te gjelbert.
340	Lagjia ku jetoje duhet te kete sa me shume rregullime si nga ana artistike si dhe per institucionet publike pasi eshte lagje periferike, duhet te kontribuohet sa me shume per banoret.
341	Nje lagje plot gjelberim, kende lojrash per femijet, stola qendrimi dhe aktivitete te ndryshme per grup-mosha te ndryshme.
342	Nje lagje te qete plot aktivitete dhe gjalleri. Njerezit te jene te angazhuar ne aktivitete te ndryshme me qellim qe te sjellin dicka ndryshe dhe jo nje monotoni dhe rutine te perditshme. Nje lagje me jete dhe shkelqim te paster dhe te sigurt.
343	Nje lagje te qete me ca shtepiza te vogla ku te mbizoteroje qetesia dhe mbi te gjitha respekti per njeri-tjetrin, rruga te jete e asfaltuar dhe te kete gjelberim anash rruges, te kete trotuare per njerezit te cilet te jene te sigurt. Te gjitha banoret duhen te tregohen teper te kujdesshem per mjedisin qe e rrethon, ta mbajne paster mjedisin, te mos hedhin mbeturina dhe te kete kosto per mbejtjet.
344	Nje hapësire ku te gjitha grupmoshat te ndihen te kenaqura. Grupmoshat e reja te shohin te ardhem dhe grupmoshat me te vjetra te rikujtojnë te shkuaren.
345	Nje park per te moshuar dhe nje kend lojrash per femijet.
346	Imagjinoj nje lagje te paster, te qete dhe me rregulla ku cdo banor i lagjes te mbaje pjesen e vet nen kontroll
347	Me me shume hapësire per park kend lojrash per femije dhe me teper hapësire gjelberuese
348	Lagjen e endrrave te mia e imagjinoj nje hapësire te madhe ku te kete nje shumellojshmeri aktivitete te ndryshme si p.sh: parqe publike, muzike ne darke dhe arte ne lidhje me natyren dhe kryesisht me historine ku te perfshihen te gjitha te rinjte.
349	Te gjelber
350	Me gjelberim
351	Ne standartet e duhura
352	te kete pasterti, gjelberim, qetesi, parkim
353	Sa me qetesi, parqe per femije, gjelberim
354	te shtrihet rruga sa me mire dhe lagjia te jete sa me paster
355	te kete hapësira publike, lulishte, parqe per femije dhe te moshuar, te jete nje lagje e paster, te kete arte ne rruge dhe ne mure
356	te kete gjelberim dhe pasterti, rregull
357	Me me shume natyre, prane Liqenit Artificial (sic e kam) pra prane nje hapësire me uje, prane ndonje muzeu bashkekohor apo skene alternative, me nje shesh te vogel dhe ndonje instalacion ne te. Ndertesa me imazhe pozitive, te qeshura ne ngjyra e sensibilizuese, me muzikante neper rruge, por jo e rremujshme me turistete.
358	Sa me shume gjelberim dhe sa me pak pallate
359	te behet me mire
360	Lagjia ideale per mua do te ishte nje lagje me teater, kinema dhe hapësira te bollshme.
361	te kete parqe, hapësira clodhese, kinema dhe teater
362	Me trotuare te rregullt, me lehtesira per te kaluar me karrocet e femijeve, me kosha, me ndricime, me kende lojrash, me stola per tu clodhur, me banja publike, me kinema ose teatrot e vegjel te hapur.
363	te kete infrastrukture te mire, te kete qender kulturor per femije dhe te rritur, zburime ne koshat e lagjeve, parqe te gjelbra, me kende lojrash dhe kurse vizatimore.
364	Me nje qender kulturore per femije, te rinj e te rritur, kopsht publik/park, te kete edhe grafitet artistike te kontrualla dhe te miremenaxhuara.
365	Do doja qe lagjia ime te kishte me shume ambjente argetuese.
366	Nje lagje normale e ndricuar dhe e paster, mos te mungojne kancelarite dhe bibliotekat pasi per ne studentet jane teper te nevojshme.
367	Lagjia ime e endrrave perfshin nje lulishte, nje kend lojrash, nje biblioteke, rruge te ndricuara dhe te pastra.

368	Do te doja qe lagjia ime te kishte lulishte qe te mund te dilnin banoret, te kishte ambjente per argetimin e femijeve, fusha sportive si : futbollit,tenisi,volejbolli etj.
369	Sauk Tirane
370	Konkurset te jene te hapura dhe artet te behrm me komunitetin. Perfshirja e tyrr eshte e rendesishme sepse do i perkasin asaj gjej qe behet dhe do e ruajne
371	Me shume art publik ne periferi.
372	Te punohet me banoret per tu ndergjegjesuar per te mos hedhur mbeturina ne ambientet e perbashketa sidomos ne edukimin e femijeve si ne familje dhe ne shkolla.
373	Artet ne zonat publike duhet te nxisin vlerat njerezore dhe te synojne ndergjegjesimin e publikit per te reflektuar ndaj ceshtjeve sociale.
374	Realisht nevojiten qe te zhvillohen workshope/trajnime/seminare per tu informuar per cdo risi qe permban ne vetvete fjala "Art" por jo vetem. Te bashkendahen praktikat me te mira qe mund te kuzhtezojne fjaline art ne teresi dhe me gjere.
375	Elisa eshte nje vajze e dashur. Hapesira eshte shume e bukur dhe dua qe te vijne me shume femije.
376	Hapesirat jane te pershtatshme, do te ishte mire qe te vinin me shume femije. Blerina dhe Elisa jane mesuese shume te mira.

Tjeter:

155	Me me ngjyra jete. Energji.
156	Nje vend ku ofrohen sherbime,infrastruktura dhe hapesire ku cdo qytetar te ndihet mire.
157	Lagjia e endrrave do doja te kishte parqe lojrash ne te cilen femijet te luajne dhe prinderit mos te shqetesohen per sigurine e tyre. Do doja te kishte librari ku femijet te lexojne libra falas.
158	Ambjent te paster, te gjelberuar dhe pa zhurma, makinat te vendosen ne vendet e caktuara, trotualet te lihen te lira per kembesore.
159	Me shume ngjyre
160	me me shume krijime qe ndergjegjesojne kalimtarat ne lidhje me te drejtat e njeriut
161	Vendbanimin ose lagjen e imagjinoj si nje hapesire e perbashket qe duhet te inspiroje kreativitet, dialog, interesa estetike, kulturore, artistike
162	E hapur dhe gjithepershires sipas moshes se banoreve!
163	Me ngjyra, pa plehra, me hapesira per ndare kohn, me kende lojrash, me gjelberim, me piktura murale dometheneese
164	Me hapesira te gjelberta e me ndejtese / stola per te shijuar natyren & artistet qe luajne instrumenta, pikturojne, kercejne, kompozojne objekte me materiale te riciklueshme. Me kende lojrash per femije me materiale ekologjike dhe aktivitate argetuese e zhvillimore per te vegjlit. Nje kend njoftimesh qe lajmeron per mundesite e perfshirjes se qytetareve ne vendimmarrjet publike dhe per aktivitetet kulturore, sportive ne qytet
165	une e imagjinoj lagjen e endrrave te mija nje lagje me shume gjelberim, me rruge te gjera dhe me trotualet te bollshme per kembesoret qe ku gjithashtu te kete dhe kende lojrash per femije.
166	e imagjinoj me nje fushe futbollit me nje lokal dhe nje fast food, po ashtu edhe disa kompjutera

- 105 In the neighborhood of my dreams there should be playgrounds in populated areas such as mine because we have to go far away to find one. The puppet's theatre would be good to be in the neighborhood but also recreational activities for the elderly. Not any area should be used to build palaces but also other things.
- 106 A neighborhood with as much greenery and art. A neighborhood resonates warmth and makes you feel like in a dream. Art is the mirror of the soul so the neighborhood should be as well a lot of art to reflect people living there. A neighborhood where you can spend a day out quiet where children play with each other without fear of car traffic.
- 107 Streets paved with trees, flowers, parks for children and weekend activities for children.
- 108 System of streets and alleys necessary in all neighborhoods. We are of the opinion that to place the bust of Vath Koresh in the premises to be set up by the Municipality.
- 109 With large green spaces and organized weekend activities for child, adolescent.
- 110 In the administrative unit no.2 I think that the improvements made have some shortcomings too such as: facilities, toys for neighborhood children, improvement of spaces between palaces especially their alleys, the designation of facilities for retirees, an environment for meetings of organizations such as veterans and their youngs etc.
- 111 I imagine and dream a neighborhood of being clean, planted with trees, having greenery and playgrounds for children and benches for retirees.
- 112 My dream neighborhood has cinemas near, sport facilities, and the botanical garden to be operational.
- 113 With flowers and with benches etc ...

- 115 To be a park nearby where you could have fun and enjoy yourself.
but it depends more on us.
- 116 More space for children, more space in the street sa I am able to walk with my children trolley. More controls for guys that stick until late smoking and laughing.
- 117 Green, with kindergartens and quality schools. These brings culture.
- 118 A very regular neighborhood on the infrastructural and green side, a large fountain in the midst of greenery. In small squares to have cultural monuments.
- 119 With more entertaining facilities for children, more greenery and fewer cars
lots of art and color.
- 120 More parks, games for children and adults, artwork, flats of traditional character, with water drinkable in our homes, with innovative competitions. All residents contribute to the maintenance or further development of the area. Thirdly, I think every elementary / 9 year school and high school should introducing new subjects matter related to art / music and theater. - 343 A quiet neighborhood with a few small houses where the tranquility prevails and above all the respect for each other, the road to be asphalted and have greenery along the road, have a sidewalk for people who are safe. All residents should be very careful about the environment around it, to keep the environment clean, not to throw waste and cost for the rubbish.
- 344 A space where all age groups feel comfortable. Younger age groups look to and the oldest age groups remind the past.
- 345 An elderly park and a children's playground
- 346 Imagine a clean, quiet neighborhood with rules where each neighborhood resident would have its share under control
- 347 More space for children's, car parks and more green spaces

- 354 the road to be as paved as possible as well as the neighborhood should be clean
- 355 have public spaces, flowers, parks for children and elderly, to be a clean neighborhood, art on the street and on the walls
- 356 to have greenness and cleanness, order
- 357 More naturally, near the Artificial Lake (as I have it) so close to a water space, near any contemporary museum or alternative scene, with a small square and some installation in it. The building with positive images, laughter, in color sensitizing, with musicians throughout but not noisy with tourists.
- 358 The more green and less high buildings
- 359 to be better
- 360 The ideal neighborhood for me would be a neighborhood with theaters, cinemas and abundant spaces.
- 361 to have parks, recreational spaces, cinemas and theaters
- 362 With regular sidewalks, with easy access to the kids' carts, with baskets, with illuminated spaces, with playgrounds, with benches for playing, public baths, with cinemas or theaters, small and open.

366 A normal, luminous neighborhood, do not miss chancellery and libraries as the students are very much in needed of them.
367 My dream neighborhood includes a gardens, a lintel, a library, illuminated streets and clean.
368 I would like my neighborhood to have flowers so that residents could get out, there would be room for children's entertainment, sports fields such as: football, tennis, volleyball etc.
369 Sauk Tirane
370 Competitions to be open and arts to deal with the community. The involvement of them is important because it will belong to them and they will preserve it
371 More public art on the outskirts.
372 Work with residents to become aware of not throwing garbage into the premises especially in the education of children in both families and schools.
373 Arts in public areas should promote human values and seek public awareness to reflect on social issues.
374 There is a real need to develop workshops / trainings / seminars to be informed of any innovations that contains in itself the word "Art" but not only. To share the best practices you can articulate about the art in the whole and over.
375 Elisa is a loving girl. The space is beautiful and I want more children to come.
376 Spaces are appropriate, it would be nice to come with more children. Blerina and Elisa are very good teachers.
